**INTRODUCTION** 

The Junior Certificate (JC) Syllabuses are designed for three years for examination in Form 3. The History curriculum is a study of human past experiences over time and place. It deals with the development of societies, their achievements, failures and challenges. Through the study of the past, History makes it possible to appreciate the present and prepare for the future. The Junior Certificate programme prepares candidates for the Senior Secondary Programme. It also enables candidates to develop attitudes and skills for responsible citizenship, patriotism, core Swazi values, lifelong learning and enjoyment. The syllabus uses learner centred approaches in order to foster meaningful acquisition and development of cognitive and affective skills.

#### HOW TO USE THE MARKING CRITERIA

- each level descriptor covers all the relevant assessment objectives
- the descriptors should be read and applied as a whole
- make a best-fit match between the whole answer and the level descriptors

Candidates do not have to meet all the requirements within a level before an answer can be placed in that level. The question to be asked about an answer is 'does it match, e.g. Level 4 better than it matches Level 3?'

The following are the key elements to look for in an answer:

- relevance and focus
- a direct answer to the question
- command of the history and an ability to use this to support arguments and judgements.
